

Binning & Baskets

Small Parts Storage

Louvred panel double sided with extension and maxi bins and hooks.

Small parts storage: Binning systems.

Your need:

Small parts to be immediately accessible and highly ordered.

Our solution:

Dexion's range of shelf, hanging and stackable bins allow you to sort small parts any way you like. Our Maxi bins come in seven sizes and five different colours. They can be stacked, hung off louvred panels or incorporated into other Dexion storage systems. There are literally countless combinations.

Single pronged, double pronged and closed loop steel hooks are great for hanging a variety of parts such as fan belts, gaskets, hoses and packaged items such as automotive parts.

Easyfit Wire Baskets.

Your need:
To store sterile medical supplies in a smart system which minimizes dust or bacteria being harboured.

Our solution:
The EasyFit® Wire Baskets are a range of quality baskets which fit onto the Dexion louvre panel. The wire basket design greatly enhances the ability to effectively store medical supplies while limiting the surface area available for dust and bacteria to accumulate. Each basket has a double wire on the top edge to ensure there are no sharp edges and can easily be removed from the panel for restocking or relocation of stored items.
